

Timothy's Well

On January 10, 2008, Timothy James Davis of New Castle, PA passed away after battling stomach cancer for four months. He was only 28 years old. But his 28 years were lived passionately serving Christ and loving others.

Tim was a graduate of Mohawk High School and Spring Arbor University. He was employed by University of Pittsburg Medical Center as a Marketing Director of Autism Research and was a licensed agent with AFLAC.

Tim enjoyed traveling, photography, cars, playing the piano, playing tennis, riding and showing horses and spending time with his family. He was very involved with his church, Victory Christian Center, where he helped with the music ministry and with photography. Tim's three trips to Kenya, Africa, sparked a love in his heart for the people of this nation and it is with great honor that his family and friends dedicate "Timothy's Well" in loving memory of this outstanding young man.

Just four days before Tim passed away, while on a ventilator in ICU, he was able to communicate with one of his sisters by writing. Here is a portion of what he wrote: "Not over, yet! Not over, yet! And it will not [be over]. It

*I have fought the good fight,
I have finished the race,
I have kept the faith...
2 Timothy 4:7*

shall be given back 10 fold what has been stolen from us... for what has been taken from me. It's not been over. What the enemy has stolen from me will be returned 10 fold."

It is his family's prayer, that "Timothy's Well" will not only provide life-giving water to many in the natural, but will also stand as a prophetic representation of Christ's victory over death. Tim's life is not over, yet, for "he who believes in Me will live, even though he dies." John 11:25
